

I do not wish to lose K-LOVE from FM translation. It is a very upbeat, positive, uplifting radio station to listen to. It is a station I listen to everyday with my 3.5 year-old, 2 year-old and 8 month old. It is one of very few stations anymore that is considered appropriate for young and old ears alike. I believe if it is replaced by an LPFM broadcaster a great disservice will be done to my local community as well as 1000's of communities elsewhere. I believe it is a station that promotes Christ-like character with it's music and commentaries.
